

Cable Safety S-Hooks

Cable Safety S-Hooks suspend cables, wires, hoses, and similar materials to keep walkways, stairs, and working areas neat and organized.

With a variety of applications, Cable Safety S-Hooks are used in daily operations in construction, oil and gas, refineries, minesite operations, shipyards and container ports. Cable Safety S-Hooks are also widely used in the transport industry to hang and organize rigging equipment while not in use.

Product Features and Benefits:

- S-Hooks DO NOT conduct electricity.
- Proven industry technology with over 20 years' experience.
- Eliminates use of tie-wraps for unsafe cable installation.
- Manufactured from strong and durable glass reinforced polyester materials.
- Available in a variety of sizes: 6", 9", 12" 15"
- Maximum load ratings: 40kg to 265kg (88lbs to 584lbs)
- Standard color options include yellow or glow-in-the-dark to provide extra visibility at night. Custom colors available upon request.
- Extreme Model S-Hooks are fire retardant & UV protected.
- Working temperatures: -20°C up to 200°C (-4°F up to 392°F).
